## Camp Kinder Kool

*Will your child be starting Kindergarten in the Fall? Are you unsure if they are ready?*

Camp Kinder-Kool is a fun-filled, child-centered camp run by the incredible kindergarten teachers of the Ross Valley School District. Our program is designed to introduce your child to a kindergarten environment in a stress-free way that will build friendships and chase away the butterflies on the first day of school. Whether your child goes to school in our district or not, any child entering kindergarten in the 2009/2010 school year is welcome and would benefit from this camp experience!

In each session, we will provide fun projects and activities that will entice the imagination and promote creativity. There will be treasure hunts, cooking, a 3rd of July bike parade, lots of safe water play, picnics, sand castles and much more. The activities vary greatly from day to day to keep the children stimulated and engaged.

## Play Day Summer Camp

Play Day Summer Camp is a brand new enrichment camp for kids entering grades 1-3 that will take place at Manor Elementary School. Structured in a format similar to an after-school enrichment program, your child will spend up to 4 hours a day in classes of their choice. Some of the classes that will be offered include the following:

Chess - Dance  
Science - Sports  
Comic Book Drawing - Ceramics  
Computers - Music  
Sewing - Cooking

The full Play Day schedule will be available at the Recreation office on March 16th. It will also be available online at [www.townofsananselmo.org/recreation](http://www.townofsananselmo.org/recreation). Call 258-4680 if you have any questions.

# Robson House Kids Presents... “The World Around Us”

What better way to spend your summer than learning and playing in the world around us! Our weekly themes will give us focus for our art projects, games, snacks, and story time, and will even help us pick activities unique to that week as well. Don't be surprised if we go on a bike ride, have a scavenger hunt, or do face painting during camp - the possibilities are endless! Location: Robson House

M-F 9:00 - 3:00pm \$195 5 days Ages 5-10

Week 6/15-6/19

1 California Creatures

Who are the creatures in our neighborhood? We'll find out as we explore the grounds on foot, investigating our animal friends in Marin and in our beautiful state. A visit from Wild Care will bring us some hands on fun, plus we'll get to see more of what the state has to offer at the new Academy of Sciences!

*Field Trip: SF Academy of Sciences*

Week 6/22-6/26

2 Marine Mammals

Who lives in the deep, blue sea? Not just Baby Baluga! Learn about some of your favorite sea creatures as well as some you may not know. The Marine Mammal Center will be visiting us with their Whale Van, and we'll make a trip to see their rescue facility later in the week.

*Field Trip: Marine Mammal Center*

Week 6/29-7/3

3 All about Cats & Dogs

Who is better, cats or dogs? Who cares! We love them both! There are so many breeds to cover, we could be here all summer. We wonder which one will be best in show...

*Field trip: Marin Humane Society*

Week 7/6-7/10

4 Super Safari

Africa is full of amazing and exotic creatures, and we plan to learn about as many of them as we can! Why stop at lions and tigers when we have the whole Serengeti to explore? This will be a great week for the explorers in all of us.

*Field Trip: San Francisco Zoo*

Week 7/13-7/17

5 Radical Reptiles

They're creepy and they're cooky, but none of them are spooky! We'll get hands on with Desert Dave and some of his amazing reptiles, then visit the ones we couldn't meet at the Academy of Sciences in San Francisco.

*Field Trip: SF Academy of Sciences*

Week 7/20-7/24

6 Dinosaur Discovery

There were dinosaurs big and small, and we can't wait to learn about them all! Dinosaurs have long stirred up the imagination of youngsters, so we know everyone will enjoy all the projects and games this week. Too bad we won't get a chance to feed one! Or will we?

*Field Trip: UC Museum of Paleontology*

## “The World Around Us” Cont.

Week 7/27-7/31

### 7 Fantastic Farm Animals

Moo, moo, quack, quack, farm animals are where it's at! We've all driven by the countless farms in the North Bay and seen all the animals, so let's get more in depth and see if we have what it takes to work on a real farm.

*Field Trip: Tresch Farms*

Week 8/3-8/7

### 8 Fun with Fishes

Fishes for you, fishies for me, just how many fishes will we see? You'll be amazed how many colorful and fascinating fish exist in the ocean, and how few of them you actually ever get to see. Nemo is just the tip of the iceberg!

*Field Trip: Aquarium by the Sea*

Week 8/10-8/14

### 9 Up in the Sky

We've scoured the land, but what's in the sky? Stars and planets are just the beginning! Our solar system has so much to offer and we can't get enough of it. After this, we'll be ready for NASA!

*Field Trip: Chabot Space & Science Center*

Week 8/17-8/21

### 10 Don't Forget the Humans!

We may not be furry, but humans are still pretty cool! Get a taste of the human form, systems, and all the amazing things we can accomplish. You'll be proud to be bipedal in no time!

*Field Trip: Exploratorium*

## Mad Scientists: Extraordinary Earth - Activity #5029

Grades K-5

Mad Science Staff

Spend time in the lab learning the tools and techniques that scientists use while conducting some great hands on projects. World Scientists will conduct solar experiments, explore predator and prey relationships and investigate food webs. Take a trip into the ocean to learn what an odontocete is. Discover systems in nature, even make your own paper! Learn animal adaptations and create an insect habitat. Scientists will also discover what Mr. Owl had on his dinner plate during the famous owl pellet dissection. It's a great week of camp! *Location: SARC Vista Room*
