We are starting with family and children's programming due to the success of the Pavilion Playgroup. Our goal is to expand our programming to encompass as many ages and interests as possible. So if you have an idea for a class or would like to share a skill with the community, please let us know. We're programming year round and always updating classes online, for more information contact program developer specialist Camille Esposito at (415) 256-9207 or by email at fairfaxfocas@yahoo.com

This program is produced through a partnership between the Town of Fairfax and the Town of San Anselmo

Family

Mom and Baby Ergo-cise
