Capurro suggested that the Town should have the downed sign at the Drake Blvd. entrance to Town raised immediately rather than awaiting the receipt of funds from the responsible automobile owner's insurance company.

M/S Capurro, Toal to authorize the Director of Public Works to arrange for the re-installation of the sign immediately, notifying the interested service clubs whose individual signs require replacement; Town to be reimbursed by the insurance company. Motion passed by unanimous vote.

Ollinger questioned status of Isabel Cook feasibility study - advised that a committee had been appointed by the Mayor to be chaired by George Buckle, the County Planning

Department had been contacted and will research ramifications with HUD; and that a query has been sent to the Office of the State Architect as to availability of original plans.
