

A. Navigation

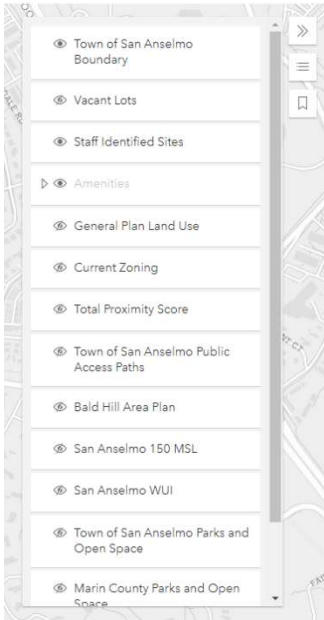

The navigation icons are placed on the top left corner of the webmap. As you scroll and pan around in the map, clicking the Home icon will bring you to the town view.

1. You can also click on the Photo icon to capture an image with the option to add the legend.

B. Layer Visibility

The icons on the top right can be used to cycle through the layers, legend and bookmarks in the webmap. Please click on the eye to toggle the visibility of the layers.

By default, the webmap shows the Suitability Score for each parcel with darker green corresponding to higher suitability. You can click on a parcel to review more details including current zoning, existing land use, and lot acreage.
