CREEP ON OVER TO
DOWNTOWN SAN ANSELMO
Hey Everyone,

50 years! That is how long San Anselmo Youth Soccer has been in existence! But this league does not exist without HUGE contributions from many.

We want to highlight a few groups in particular who have made this all possible:

Sponsors – Thanks to all of our sponsors for your support! Our ability to buy uniforms, balls, goals, etc., has been made possible through these donations we receive on a yearly basis.

Coaches – Thanks to all of our volunteer coaches for your service! This league exists because selfless people come forward to donate countless hours to strengthen this community.

YOUR CHILDREN!! – And last, but not least….YOUR CHILDREN! Similar to a team, a town is only as good as its players. And one could not ask for better players then the people who live in this town!

Thanks again to everyone who has been involved directly or indirectly with our soccer program the past 50 years. We can say we are proud to represent the Town of San Anselmo team! We hope you enjoy looking back at San Anselmo Soccer’s history on the following pages.

Roy Petri and Luigi Serchia came together to establish the new San Anselmo Youth Soccer program. As local dads with family roots in Italy, Luigi and Roy wanted to share their love of the sport of soccer with the kids in the community. Working with the San Anselmo Recreation Department, the two men were given field space at Memorial Park and recruited players to form the first team in 1973. Most of the players lived in the area around Memorial Park and virtually every player on that first team had never played soccer before. Roy's son Paul and Luigi's son Peter shared some memories from the early days:

The goals were actually 6x6 posts that were re-concreted into the ground every year and they used little eyelet fasteners to hold the makeshift nets on. No local sporting goods stores had soccer stuff available and I remember our parents having to go to Oakland to a soccer shop.

For uniforms they told us just to show up at the games with white T-shirts, which they knew everyone had. Everyone had random shorts and cutoffs, random shoes, mostly Keds/sneakers, a few baseball cleats, if any. No one knew what soccer was, or had ever kicked a soccer ball before. We all just knew it would be fun kicking a ball around with our friends and we would get to compete in games.

There were no other teams in the area, so we traveled to other places. We’d load up in the back of a pick-up and go. It was the 70’s. We were “The San Anselmo Mustangs”.

Practices and home games were held at Memorial Park. I still remember the first practice at the bottom of the slope adjacent to the playground. We played on full size fields, 11 on 11, and not on mini fields for the young ages like now.

Another strong memory was of Luigi’s wood peg board that he made for his famous x’s and o’s talks. It was the original white board. It was a wooden board painted green with white taped stripes, mini goals and nets, and wood dowels cut and painted white and black for players.

Pictures top to bottom: Luigi Serchia; Roy Petri; the first San Anselmo Soccer Moms— Diane Serchia, Marissa Petri and Lou Tabarracci; Roy the Super Coach
and a mini homemade wood ball. That, along with Luigi’s thick Italian accent, made it so we had no idea what was going on. It lasted through our whole soccer career.

In 1975, they formed an official local league. Additional coaches, including Mr. Vallas, Mr. VanDam and Mr. Oldham, became part of the organization and were instrumental in those early years. They all coached for many years forward. Roy Petri was voted in as the league’s first commissioner. Pete’s mom Diane was also instrumental. She helped organize and run the league for several years.

In the mid–1970’s the program started its first travel team, “The Saints”. The Saints jerseys came from the relatives of San Anselmo’s Domitri family in Milan, Italy. They were replica’s of Milan’s professional team, were 100% wool, long sleeved and extremely hot!

The competition was great, and only the winners got a trophy. The league just grew from there.

The Town of San Anselmo is pleased to honor Roy and Luigi and all of the other parents and coaches who were involved in creating this legacy program. Today there are over 800 local youth participating in the San Anselmo Youth Soccer program. Many thanks to those who “got the ball rolling”.

Pictures top to bottom: Team picture of the famous San Anselmo Saints, San Anselmo’s first travel team. The Saints sported uniforms that San Anselmo’s Domitre family brought back from Italy. They were the Milan Professional Team’s uniforms and were long sleeve, 100% wool and extremely hot!

AFTER SCHOOL HOOPS
One on One

After School Hoops® is a weekday afternoon basketball program for aspiring young players. The one-hour instructional sessions combine fundamental skills instruction with organized team competition with the goal of providing an enjoyable and educational after school athletic event. Developing players benefit by improving their individual skills such as passing, dribbling, shooting, rebounding, and defending while, at the same time, learning how to work within the framework of a team. Children of all skill levels are encouraged to join. One of the many merits of After School Hoops® is that it provides school children with an organized after school event at which they can learn, socialize, and most of all, have fun. Parents and teachers often express concern that idle and unsupervised after school hours provide too many negative temptations for their children. Using athletics as the vehicle, After School Hoops® provides children with an opportunity to improve their overall physical fitness, develop sportsmanship and athletic integrity, and gain an understanding of the game of basketball.

AWESOME ARCHERY (NERF)
enBRIDGEment

Fun! Fun! Fun! NERF archery is a great, safe activity for kids! It teaches students self-reliance & confidence while allowing them to build physical strength & coordination. A big part of archery is about focus, patience, and discipline. For an archer to accurately hit a target, they must master hand-eye coordination. There is also a lot of playing and running involved as archers will play target games and form teams to compete in a friendly environment. All the skills your kids gain from archery will prove to be extremely useful in other day-to-day activities and sports. www.enBRIDGEment.com. Email: enBRIDGEment@gmail.com.

BADMINTON FOR KIDS
enBRIDGEment

Badminton is considered a great sport for kids! Encouraging your children to participate in the game of badminton helps them in exploring and developing skills that are considered beneficial throughout their lives. It is a great all-around exercise that involves the whole body and requires a great amount of running, jumping, and swinging which actively utilizes all the major muscle groups. Badminton is a low-impact sport, which also makes it quite safe for your children. There is no hitting or pushing or any type of direct contact with the players. Hence, this also reduces the risk of accidents and injuries that usually occur in other sports. Badminton helps develop strategic thinking. Kids need to strategize and think quickly to outsmart and defeat their opponent. With many racquet sports, players need to have a well-defined game strategy. Badminton also helps improve hand-eye coordination, decreases stress, and develops team spirit. Today, children spend more time on electronic games and gadgets rather than outdoor sports. Badminton is a healthy sport that can help your children socialize better with their peers as well as develop discipline, motivation, and self-esteem. www.enBRIDGEment.com. Robson after care is a place where nature exploration, art, science, sports and games are offered each week. We have created a fun and safe environment for children to choose activities of interest and share them with new friends. Having nearly three acres of Robson Harrington property at our disposal, we like to stay outdoors whenever weather permits. Playing kickball, tag, nature exploration and imagination games are just some of the activities our kids love – but art projects and books are always on hand for those looking for more quiet activities.

Participants from Wade Thomas Elementary School are picked up on campus by our staff and walked up to the house. Participants from all other schools are welcome but must be dropped off at Robson. We are open until 5:45 pm daily and follow the Ross Valley School District calendar. JUNIOR TENNIS

Ages: 5-11

Tennis in Marin

San Anselmo Recreation offers Junior Tennis for kids between the ages of 5–11. Tennis in Marin professional coaches in conjunction with the USTA have now been using a system where different colored balls are used at corresponding age levels to allow more of a natural progression toward learning the sport of tennis. These new changes have allowed kids to rally and play real tennis points at an early age. When kids are successful, they are having fun, and when they are having fun, they are usually successful. It works both ways.

STAFF PROFILE: NANCY CICCHETTI

Nancy Cicchetti is a Library Assistant at the San Anselmo Library. She grew up in San Anselmo. Her father, Raymond Buchignani was the Chief of Police of San Anselmo. She enjoyed going to the San Anselmo Library while growing up. She still lives in this lovely town and has a fifteen-minute walk to work at this wonderful library.

Nancy has worked at every library in Marin at some time during her career. She was desk supervisor at the Sausalito Library for many years. She also worked at the San Domenico school library. She enjoyed working with the children, reading stories to the younger students, and helping the older ones with projects.

Nancy is an artist and has been painting with oils for many years in the studio next to her house. She loves painting people, especially her family. She has shown her work in many venues and often participates in Marin Open Studios.

One of the highlights of her life was becoming a grandma three years ago. Nancy and her husband, Arnie, go up to Napa to watch Ava, their granddaughter, as she grows! Ava is the daughter of her son, Manny and daughter-in-law, Dorothe.

The other joy of her life is seeing her daughter, Nicola, getting her Master of Library Science. She now works Monday nights at the library with her mother. It is such a joy to see your child follow in your career.

WANT TO MAKE THE LIBRARY A MORE TEEN-FRIENDLY PLACE? WANT TO HAVE FUN DOING IT? THEN JOIN THE TEEN LIBRARY COUNCIL!

Hang out with other teens who also love libraries and want to make a difference. We discuss what we’re reading, shows we’re watching, music we’re listening to and EAT. Sometimes we also make cool things like scrabble keychains and bird feeders. If this sounds like something you’d be into and are in 7th-12th grade, join the Teen Library Council by filling out this Google Form https://forms.gle/ZRv2fkGuXV8dW2nA9 or emailing Jennie at jwaskey@townofsananselmo.org.
MEMORY KITS AT THE LIBRARY

Research indicates that interactive and multi-sensory materials used with people experiencing Dementia/Alzheimer’s promote positive results. Your San Anselmo Public Library has seven kits to offer our community:

**Three Memory Lane Kits:** Hands-on activity kits based on a familiar decade: 1940s, 1950s, 1960s. Kits vary but typically include games, images, books, and media.

**Three Memory Activity Kits:** Hands-on activity kits based on the stages of Dementia/Alzheimer’s: Beginning to Middle Stages, Middle to Late Stages, and Late Stages. Kits vary but typically include games, books, and other activities.

**One Caregiver Kit:** This kit has four books and five information brochures to support caregivers with family members experiencing Dementia/Alzheimer’s.

All kits check out for three weeks and must be returned inside the San Anselmo Library.
