REVISED SCHEDULE

RESTRICTED DRIVEWAY & CROSS STREET ACCESS SIR FRANCIS DRAKE BLVD

Dear Property Owner and/or Resident,

The schedule for the Phase 1 of the Sir Francis Drake Paving Project has changed.

The remaining schedule* tentatively includes work:

- The night of August 23rd - removing the top layers of asphalt
- The nights of August 24th and 25th – paving the new surface
- August 26th through 28th –Replacing striping and final adjustments

**The schedule is subject to change.*

Although one lane in each direction on SFD will be open to convey traffic straight through the work site, turning movements, such as pulling onto or off of SFD from a side street or a driveway will not be permitted. Both nights of paving will necessitate the closing of driveways and cross streets on SFD between the HUB and Bella Vista in the eastbound direction, and between the HUB and Madrone in the westbound direction.

The duration of the restricted driveway access will be:

- **From 8p.m. on August 24th until 6a.m. on the 25th**
- **From 8p.m. on August 25th until 6a.m. on the 26st**

Vehicles that need to park outside of the construction site will not be ticketed for **overnight parking** if they are parked in spaces that are otherwise legal during the day.

This revised schedule **will not interrupt your regular service** for garbage, recycling and yard waste.

We thank you for your patience while we complete all work as quickly as safely possible. Please don't hesitate to contact me any time if you have any questions or concerns.
