- A. Paragraphs 1 through 12 are hereby stricken from said contract as executed effective July 1, 1959, and as amended effective January 1, 1964, and are hereby replaced by the following paragraphs numbered 1 through 13 inclusive:
 - 1. All words and terms used herein which are defined in the State Employees' Retirement Law shall have the meaning as defined therein unless otherwise specifically provided. "Normal retirement age" shall mean age 60 for miscellaneous members and age 55 for local safety members, except those local safety members continuing under provisions of this contract prior to this amendment in 1966.
 - 2. Public Agency shall participate in the State Employees' Retirement System from and after July 1, 1959, making its employees as hereinafter provided, members of said System subject to all provisions of the State Employees' Retirement Law except such as apply only on election of a contracting agency and are not provided for herein and to all amendments to said Law hereafter enacted except such as by express provision thereof apply only on the election of contracting agencies.

 - b. Local policemen (herein referred to as local safety members);
 - c. Employees other than local safety members (herein referred to as miscellaneous members).

The following employees shall be excluded from membership in said Retirement System:

EXCLUDE CITY LIBRARY EMPLOYEES

4. The fraction of final compensation to be provided for each year of credited service as a miscellaneous member upon retirement at normal retirement age shall be 1/60 and shall be applied as provided in Section 21251.1 of said Retirement Law and reduced to 1/90 for members covered under Federal Social Security in accordance with Section 21251.14 of said Retirement Law.
5. The fraction of final compensation to be provided for each year of credited service as a local safety member shall be determined in accordance with Section 21252.4 and shall be reduced for members covered under Federal Social Security in accordance with Section 21252.45 of said Retirement Law.
6. Benefits on account of prior service shall be 100% of the fraction of final compensation specified for miscellaneous members in Paragraph 4 above, but computed in accordance with Section 21253 of said Retirement Law, and for local safety members shall be 100% of the fraction established in accordance with Paragraph 5; provided, however, as to both miscellaneous and local safety members that said fraction shall be reduced by one-third for application to the first \$400.00 per month of final compensation of any member whose position is covered by Federal Social Security for all prior service of such member, whether or not the service is included in Federal Social Security.
7. The retirement benefits payable upon retirement for ordinary disability shall not be affected by the modification provided in Paragraph 4 of this contract except that for the purposes of the limit on any such allowance imposed under Section 21297, Government Code, allowances for retirement for service shall be computed according to the modified formula set out in Paragraph 4 of the contract. All other provisions of this contract shall be fully applicable to the computation of allowances upon retirement for disability.

10. The following additional provisions of the State Employees' Retirement Law which apply only upon election of a contracting agency shall apply to the Public Agency and its employees:

 - c. A reasonable amount per annum, as fixed by Board to cover the costs of administering said System as it affects the employees of Public Agency, not including the costs of special valuations or the periodical investigations and valuation required by law, provided that said amount shall be determined on the basis of the number of employees of Public Agency who are reported as members on the payroll covering January 1 of each year, or with respect to the first year of participation, on the effective date of said participation.
 - d. A reasonable amount as fixed by the Board, payable in one installment as the occasions arise, to cover costs of special valuations on account of employees of Public Agency, and costs of the periodical investigation and valuations required by law.
12. Contributions required of Public Agency and its employees shall be subject to adjustment by Board on account of amendments to the State Employees' Retirement Law, and on account of the experience under the Retirement System, as determined by the periodical investigation and valuation required by said Retirement Law.
13. Contributions required of Public Agency and its employees shall be paid by Public Agency to the Retirement System within thirty days after the end of the period to which said contributions refer. If more or less than the correct amount of contributions is paid for any period, proper adjustment shall be made in connection with

subsequent remittances, or adjustments on account of errors in contributions required of any employee may be made by direct cash payments between the employee and Board. Payments by Public Agency to Board may be made in the form of warrants, bank checks, bank drafts, certified checks, money orders, or cash.
