Project #1516C: Slurry Seal Update 1

Dear Residents and/or Property Owners:

The Town of San Anselmo has contracted with American Pavement Systems Inc. to tentatively perform road sealing on Monday June 27, 2016 and Tuesday June 28, 2016. On the day that your street is sealed, your road will be closed for eight hours (five if your street does not have sidewalk) between 8:00 a.m. to 5:00 p.m. and you will not have access to or from your home.

More detailed Information about the date and road closure times will be posted on signs on your street **seven days in advance**, and a notice will be brought to your door 72 hours in advance of the work.

Table 1: List of Streets Selected for the Project #1516C Slurry Seal Project

Street Name	From	To	Notes
